**Policy context:** This policy relates to:

- **HE Standards Framework 2011**
  - Provider Standards: 4.1, 4.3,
  - Course Standards: 5.1 – 5.6

- **ESOS**
  - Standards for RTO’s 2015
  - 1.3, 1.8, 2.2

- **Legislation or Other Requirements**
  - Tertiary Education Quality and Standards Agency Act 2011
  - The Education Services for Overseas Students (ESOS) Act 2000
  - National Vocational Education and Training Regulator Act 2011

- **Other Policies**
  - Continuous Improvement Policy
  - Quality Policy
  - Benchmarking Policy
  - Assessment Code of Practice HE/VET

- **Forms and Other Documents**
  - Assessment Validation Audit Checklist
  - Assessment Validation Audit Report

### Key Words (META DATA)

- Moderation, Subject Moderation, Assessment Moderation, Marking Guides, Criterion Referenced Assessment, Assessment Validation Policy and Procedure, Assessment, Validation

### Definitions

**Moderation** – a process which supports and elaborates on IIBT’s Teaching and Learning Policy by implementing measures to ensure that a student’s assessment results are graded in a manner that is comparable and measurable by a process that ensures fairness to students and assessment credibility.

Moderation addresses the interests of students, staff, the Institute, its partners and all external stakeholders in the educative services that IIBT provides. This should occur in a manner that demonstrates:

- Good practice in assessment is consistently applied across the institution and its programs.
- Student performance is properly, fairly and consistently judged across all students undertaking the same course of study at IIBT, and
- Standards are appropriate, reliable and comparable to good practice across the sector.

**Subject Moderation** - Subject moderation involves a review of the unit’s learning outcomes and/or assessment results. It is normally undertaken by a qualified person who is not involved with the unit delivery or assessment.

**Assessment Moderation** – involves the analysis of individual student assessment over the entire period of a unit or more likely, the entire course.

**Criterion Referenced Assessment** – used as the measure to assess student performance against an agreed set of referenced objectives.

Published Learning Outcomes - the criteria against which students’ performance will be judged, assessed, and made available in the form of feedback to students. The intent is to provide students with a clear and explicit understanding of the standards they are expected to achieve relative to the marks awarded. The assessment criteria provide a common reference point on which academic judgement can be based, thus
ASSESSMENT VALIDATION AND MODERATION POLICY

**Policy Information:**

IIBT management and academic staff are committed to ensuring that assessments are accurate, consistent and fair. Moderation is required for all assessments and must be conducted over the entire assessment lifespan from course design to student graduation. This policy represents the minimum threshold requirement for moderation and assessment validation.

Fundamentally IIBT must ensure that moderation processes ensure consistency and quality. They must achieve the following outcomes:

1. Ensure courses and units meet AQF and /or ELICOS standards
2. Ensure courses and units are comparable with other higher education providers
3. Ensure courses and units meet the standards of external accreditation authorities
4. Ensure that the currency of professional academic standards is maintained
5. Ensure that procedures for assessment are valid, explicit, and reliable and these procedures are made public to all stakeholders
6. Ensure all assessment tasks reflect the learning outcomes and performance criteria as stated in the unit outline
7. Ensure all IIBT students are made aware of assessment requirements in the first week of trimester
8. Ensure all assessment tasks are graded against a marking guide that is consistent with the assessment criteria
9. Ensure that assessment tasks meet the learning outcomes for the course as a whole
10. Ensure IIBT maintains transparent and fair mechanisms for marking and moderating grades
11. Ensure moderation processes are evaluated periodically

To achieve these standards IIBT adopts moderation practices at all phases of assessment development, delivery and analysis. Both internal and external moderation tools are utilised including:

1. Course accreditation through TEQSA
2. Moderation with our University partners
3. Benchmarking with industry bodies (e.g. ACPET)
4. University partner surveys
5. Use of expert advisory panels in course development
6. Input from IIBTs Academic Board, Teaching and Learning Committee and Board of Examiners
7. Use of assessment and moderation checklists

It is an essential element of IIBT academic staff scholarship and professional development to ensure the maintenance of assessment standards outlined in this policy.

The cornerstone to moderation is the review of students marked and assessed work to determine if the marking is consistent with the assessment criteria and undertaken at the appropriate level. Each trimester the Academic Director will develop a moderation plan that outlines the moderation tasks to be undertaken utilising the list of moderation strategies below. This plan will detail the individuals responsible and timeframes for which assessment and moderation tasks are to be completed.

**Moderation strategies**

1. Second-marking or sampling
2. Marking by an experienced assessor external to the unit
3. Computerised aids (online tools)
4. Ensuring all assessments have a marking guide developed at time of assessment development
5. Moderation marking meetings
6. Utilising the same assessor for different cohorts
### Scope

This policy applies to all staff and students of IIBT involved in any part of assessment inclusive of the Academic Board, Teaching and Learning Committee and Board of Examiners.

### Procedures

#### Moderation procedure for Higher Education

Each trimester the Academic Director will develop a moderation plan.

**Pre-assessment Moderation**

1. The Academic Director will develop a moderation plan prior to the commencement of each Trimester. This is known as the Pre-Assessment Moderation Plan. This will occur prior to the distribution of the unit outlines to students in week one of the trimester. Moderators may be appointed from within and among academic staff employed by the Institute.

2. This plan will outline which assessments in which units are to undergo moderation and in what format.

3. The pre-assessment moderation plan identifies what assessments are due in which weeks of each trimester to ensure an even loading of assessable tasks throughout the trimester. This plan also reviews the types and mix of assessment tools.

4. This plan is then submitted to the Chair of the Teaching and Learning Committee and submitted as part of the next Board meeting report.

**Post-assessment Moderation**

1. Assessment tasks in all units will be subject to post-assessment moderation by internal moderators each time a unit is offered and by external moderators every third time a unit is offered. A schedule stating which units will be externally moderated for the coming trimester will be prepared for the Teaching and Learning Committee prior to each trimester by the Academic Director.

2. The Academic Director will appoint post-assessment internal moderators for each unit. Internal moderators will be appointed from within and among academic staff employed by the Institute. Each moderator will be provided with the designated assessment tasks, a marking guide for each designated assessment task and the Post-assessment Moderation of Assessable Tasks template which the moderator will complete and lodge with both the unit lecturer and the Academic Director. Moderators will lodge their completed template with the unit lecturer within one week of the receipt of the students’ assessment papers and other associated material.

3. The Academic Director will also appoint post-assessment external
moderators. External moderators will be provided with the designated assessment tasks, a marking guide for each designated assessment task and will use the same template as is used by internal moderators to complete and lodge with the unit coordinator and the Academic Director. The moderators will lodge their completed template with the unit-coordinator within one week of the receipt of the students’ assessment papers and other associated material.

4. For each unit, the end of trimester examination will be subject to post-assessment moderation by internal moderators. Other assessable tasks may be subject to post-assessment internal moderation.

5. For units scheduled for post-assessment moderation by external moderators, the end of trimester examination will be moderated as will the major within-trimester assessment task.

6. For both internal and external post-assessment moderation a representative sample of students’ papers will be evaluated. Care will also be taken to ensure that a range of grades is included in the sample. The sample will be at least 10 percent of the papers or no less than 5 where the enrolment is up to 50 students.

7. Importantly, grades awarded by the lecturer will not be altered by either the internal or external moderator’s evaluation. Such evaluations are to be used to provide the lecturer and the Academic Director with feedback in order to better assess student performance in the unit.

8. The Academic Director will keep a record of the moderated units including a record of the moderator’s evaluation of the particular assessable tasks.

9. At the end of each trimester, a report will be prepared by the Academic Director for the Teaching and Learning Committee that summarises the trimester’s moderation activities.

Validation Procedure for RTO

- At least annually or as required by the CEO, the IIBT Training Coordinator will schedule an assessment validation audit.

- The ‘Assessment Validation Checklist’ must be utilised to guide the focus and collection of supporting documents of assessment validation activities.

- The assessment validation audit and its supporting activities may be
| convening | The assessment validation audit will typically follow the annual 
| operations | moderation meeting/s and feature findings and actions taken in 
| plans | response to moderation. 
| | All documentation resulting from the audit will be retained in the 
| practices | ‘Validation Audit Folder’. 
| | IIBT staff will be advised of the Assessment Validation Audit’s timing. 
| | The IIBT Training Coordinator will convene a Moderation Meeting 
| | (frequency determined by CEO) where training staff will meet, 
| | exchange and compare their assessment methods, tools, evidence and 
| | judgements. All Moderation Meeting activities and findings must be 
| | documented for management review. Refer to the Annual Moderation 
| | Schedule and the Moderation Meeting Report form. 
| | The IIBT Training Coordinator will also source opportunities for and 
| | encourage training staff to attend External Moderation events where 
| | staff may compare their assessment methods, tools, evidence and 
| | judgements with other assessors from other RTO’s or staff from 
| | Industry Skills Councils. 
| | The Assessment Checklist Tools for the Principles of Assessment and 
| | Rules of evidence and Assessor Survey should be utilised within the 
| | Moderation event. 
| | The IIBT Training Coordinator will ensure that Industry is consulted 
| | through the completion of Industry and Employer Surveys (employer 
| | surveys may be determined as those utilised within Quality Indicator 
| | Feedback requirements). 
| | The IIBT Training Coordinator will ensure that the Validation audit 
| | includes RPL approaches and documentation. 
| | The IIBT Training Coordinator will ensure that all Assessment 
| | Validation Audit findings that may contribute to the Annual review of 
| | the IIBT Training and Assessment Strategies are identified in the 
| | overview report to the CEO. 
| | The IIBT Training Coordinator will ensure that the Assessment 
| | Validation checklist is followed and finalised by the completion of the 
| | Assessment Validation Audit Report and staff action plan and all |
| documentation collected is signed and returned to the CEO for review signage and record storage. |
